REMARKABLE ASPECTS

It has two airport facilities and railways specially designed for freight services connected to the Port of Manzanillo.

The Port of Manzanillo is the largest Mexican containerised cargo port on the Pacific Ocean, serving 17 states.

The Port of Manzanillo is the fourth most important port in Latin America and the 64th most important port in the world.

According with the Mexican Institute for Competitiveness, Colima ranks 4th in the state competitiveness ranking, which translates into greater productivity for its economy and wellbeing for its population.
